### Corona Virus – Update - Impact for our Table Tennis Club

Following from the Government announcement on Sunday 10 May, Table Tennis England has published updated advice on when, where, and how we can currently play table tennis and who we can play with.

You can read the advice through this link. The gist of this is, you can play outdoors, with members of your household, or with 1 other person not from your own household.

A staged return to normal play is still the anticipated way back as and when the Government announce further relaxations as indicated in the previous advice.

You can find the TTE outline through this link.
